Editorial Board

P. J. DARLINGTON, JR. Harvard University	1957	L. R. DICE, *Chairman* University of Michigan
E. MAYR Harvard University	1958	C. W. SABROSKY U. S. Dept. Agriculture
C. L. HUBBS University of California, Scripps	1959	L. H. HYMAN American Museum of Natural History
I. M. NEWELL University of California, Riverside	1960	S. W. MULLER Stanford University

The Society of Systematic Zoology

OFFICERS FOR 1957

President	*President-Elect*
R. C. MOORE University of Kansas	A. E. EMERSON University of Chicago
Secretary-Treasurer	*Acting Treasurer*
R. E. BLACKWELDER St. John Fisher College	J. H. CAMIN Chicago Academy of Sciences

THE COUNCIL

C. W. SABROSKY U. S. Dept. Agriculture	1957	F. A. URQUHART Royal Ontario Museum of Zoology
R. H. ARNETT, JR. St. John Fisher College	1958	W. I. FOLLETT California Academy of Sciences
M. G. NETTING Carnegie Museum	1959	W. L. SCHMITT U. S. National Museum
W. H. BURT University of Michigan	1960	C. G. GOODCHILD Emory University

Index for Volume 6 (1957)

BAILY, J. L., JR. More on Margaritiferidae 49

BEDDALL, BARBARA G. Historical notes on avian classification 129

BORGMEIER, T. Basic questions of systematics 53

BRADLEY, J. C. Cooperative or personal decisions on zoological nomenclature? ... 101

BRATTSTROM, B. H. The phylogeny of the Salientia based on skeletal morphology (Symposium: Problems in the phylogeny of the Salientia) 70

BROWN, W. L., JR. The ending for subtribal names in zoology 193

CARTER, G. S. Review of Berrill, "The origin of the vertebrates" 187

CHITWOOD, B. G. The English word "Nema" revised 184

CHITWOOD, MAYBELLE. Intraspecific variation in parasitic nematodes (Symposium: The problem of intraspecific variation in parasitic animals) 19

DE LAUBENFELS, M. W. A problem in taxonomy: The sponge genus *Reniera* 156

FENNAH, R. G. A guiding principle for lectotype selection 47

——— Translation of Greek words 194

GOSLINE, W. A. Whither zoological nomenclature? 107

GUNTER, G. Misuse of generic names of shrimp (Family Penaeidae) 98

JAMESON, D. L. Life history and phylogeny in the salientians (Symposium: Problems in the phylogeny of the Salientia) 75

LAFFOON, J. L. On the inadvisability of including new nomenclatural information in abstracts 109

LESTON, D. Spread potential and the colonisation of islands 41

LEVI, C. Ontogeny and systematics in sponges 174

MANWELL, R. D. Intraspecific variation in parasitic protozoa (Symposium: The problem of intraspecific variation in parasitic animals) 2

MICHENER, C. D. Some bases for higher categories in classification 160

MILLER, R. R. Utilization of X-rays as a tool in systematic zoology 29

MITCHELL, R. Major evolutionary lines in water mites 137

ORTON, GRACE L. The bearing of larval evolution on some problems in frog classification (Symposium: Problems in the phylogeny of the Salientia) 79

PACLT, J. A protest against the atomizing of genera with special reference to the Hepialidae (Lepidoptera) 51

ROSS, H. H. Evolutionary developments in the leafhoppers, the insect family Cicadellidae 87

SANDERS, H. L. The Cephalocarida and crustacean phylogeny 112

STUNKARD, H. W. Intraspecific variation in parasitic flatworms (Symposium: The problem of intraspecific variation in parasitic animals) 7

TOWNES, H. The name *Psammochares* versus *Pompilus* 151

WHARTON, G. W. Intraspecific variation in the parasitic Acarina (Symposium: The problem of intraspecific variation in parasitic anmals) 24
